

# MONKEY PUZZLE

## September 2017

Dear parents and carers!

Another month, another newsletter! As summer draws to an end we hope that all the families that went away on holiday had a lovely time.

We also want to wish all our preschoolers that are starting big school the best of luck on their new adventure! We know you will all blossom and have the potential to do amazingly in your future!

Science and space are our themes this month and all rooms will be doing focused activities around these. Please send through any pictures you may have of your children doing something to do with either of these themes so we can display them in the nursery!

As usual, any questions or queries at all please do not hesitate to contact us in the office! We are always here to help!

Best wishes,

Jenna, Alice, Fillicia and Sheba

### September Birthdays!

**3<sup>rd</sup> September:** Sofia Lega will turn 2 years old!

**8<sup>th</sup> September:** Max Philippe Revest will turn 1 year old!

**15<sup>th</sup> September:** River Davis will turn 3 years old!

### Dates for your diaries!

**19<sup>th</sup> September** – Talk like a pirate day!

**21<sup>st</sup> September** – International day of peace

**26<sup>th</sup> September** – European day of languages

# What we will be doing this month!

## THEMES: Science and Space

### Baby Room

In baby room we will be making lava lamps to take home! We will also be exploring different textures that represent space such as stars, pebbles and soil. We will also be exploring light and dark by looking at stencils and torches!

### Toddler Room

In toddler room we will be making planets using different shapes, paints and glitter. We will also be making galaxy play dough! Science will also be on our minds when we are making water bottles with oil and separating colours as well as trying out blowing bubbles with straws.

### Nursery Room

In nursery room we will be learning about the life cycle of butterflies! We will also be creating a display on everything we have learnt. For space we will be looking at all the planets together as a class and discussing their names and different colours!

### Preschool Room

In preschool room we will be changing the role play area into an outer space area! We will also be making a 3D rocket and learning the planet song. For science we will be exploring light and dark as well as doing other various science activities such as painting with ice!

# What's Coming Up!

## Football and Dance Extra Curriculum Activities

As you will have been informed via email, football and dance will be returning as our extra curriculum activities for autumn 2017. They will be on their usual days and will be charged at their usual rate.

**Tuesday AM – Dance (£55.00)**

**Thursday AM – Football (£60.00)**

Please either inform us at the nursery or by email if you wish to enrol your child. Alternatively please fill out our survey stating which activity you would like your child to take part in.

## THANK YOU!

Thank you to all the staff, children and parents that attended and helped out at our carnival celebration party! It was a fantastic event and all the children looked amazing in their outfits! We have already received some pictures from parents so thank you to them! If any other parents have pictures of the event, if you could send them though it would be much appreciated!

## Lost property

We ask all parents and carers to please go through our lost property box and check that none of your child's items have been placed in it. The box and its remaining contents will be being taken to the charity in the next couple of weeks.
